

Lets go web browsing with Mac

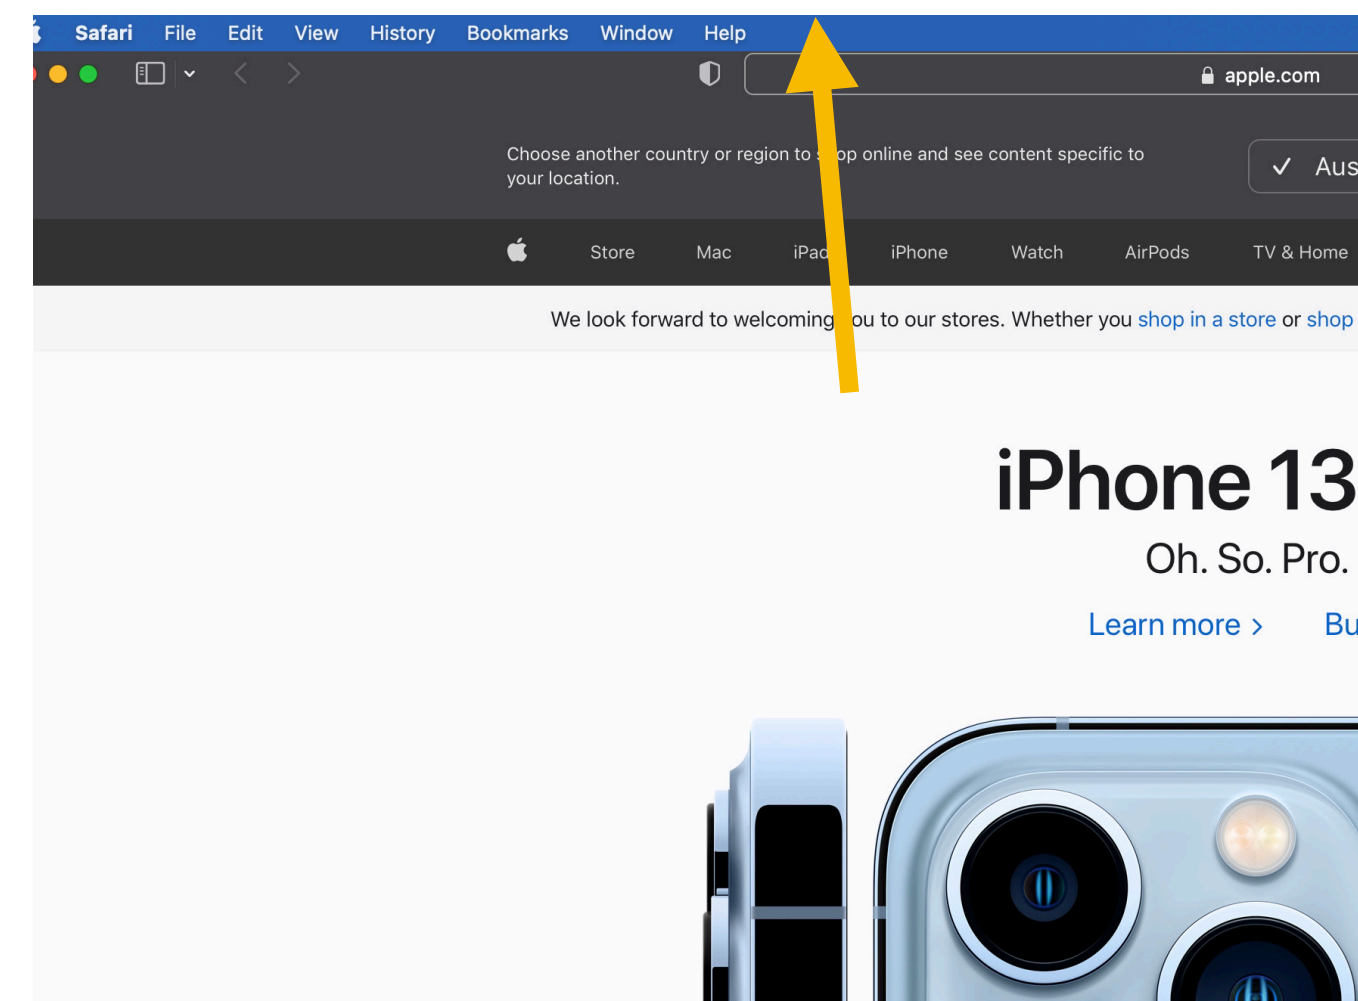

Lilia Hutchinson, 28/10/2021

To view Web Browsing History:

Step 1:
Open your web browser

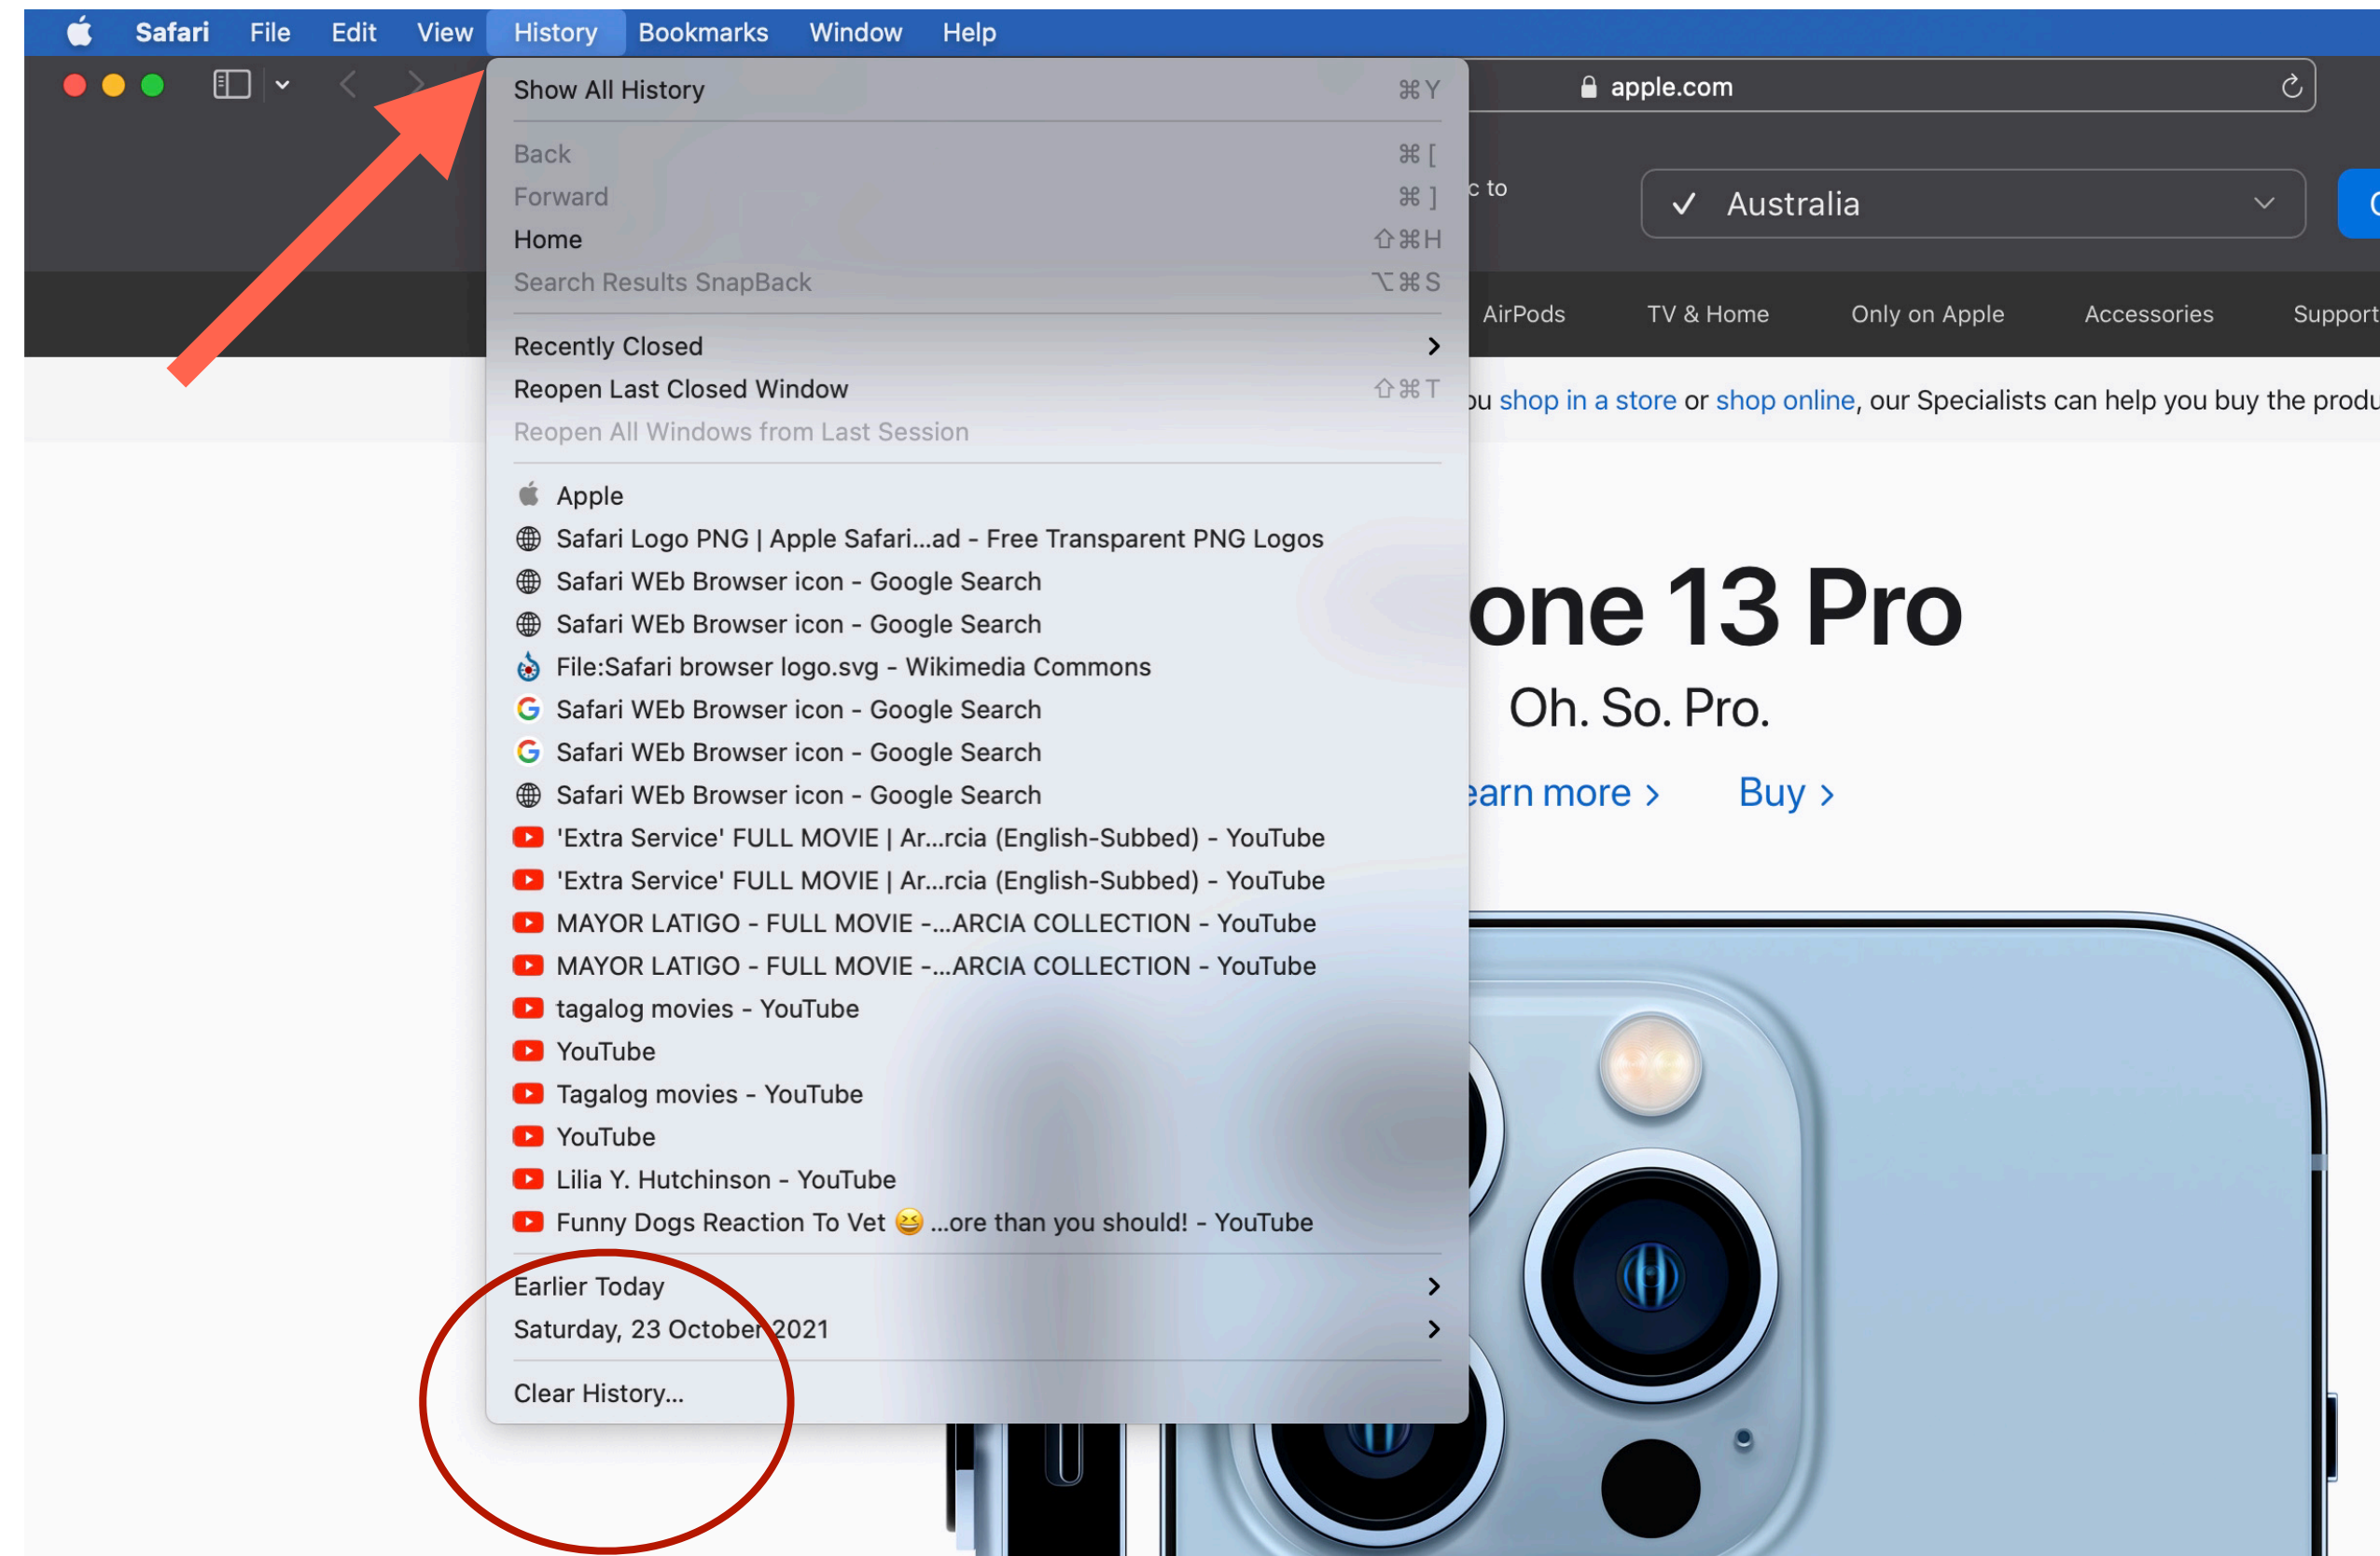

Step 2:
Move your cursor at the top of
your screen to release the drop-
down menus.

To view and clear your browsing history:

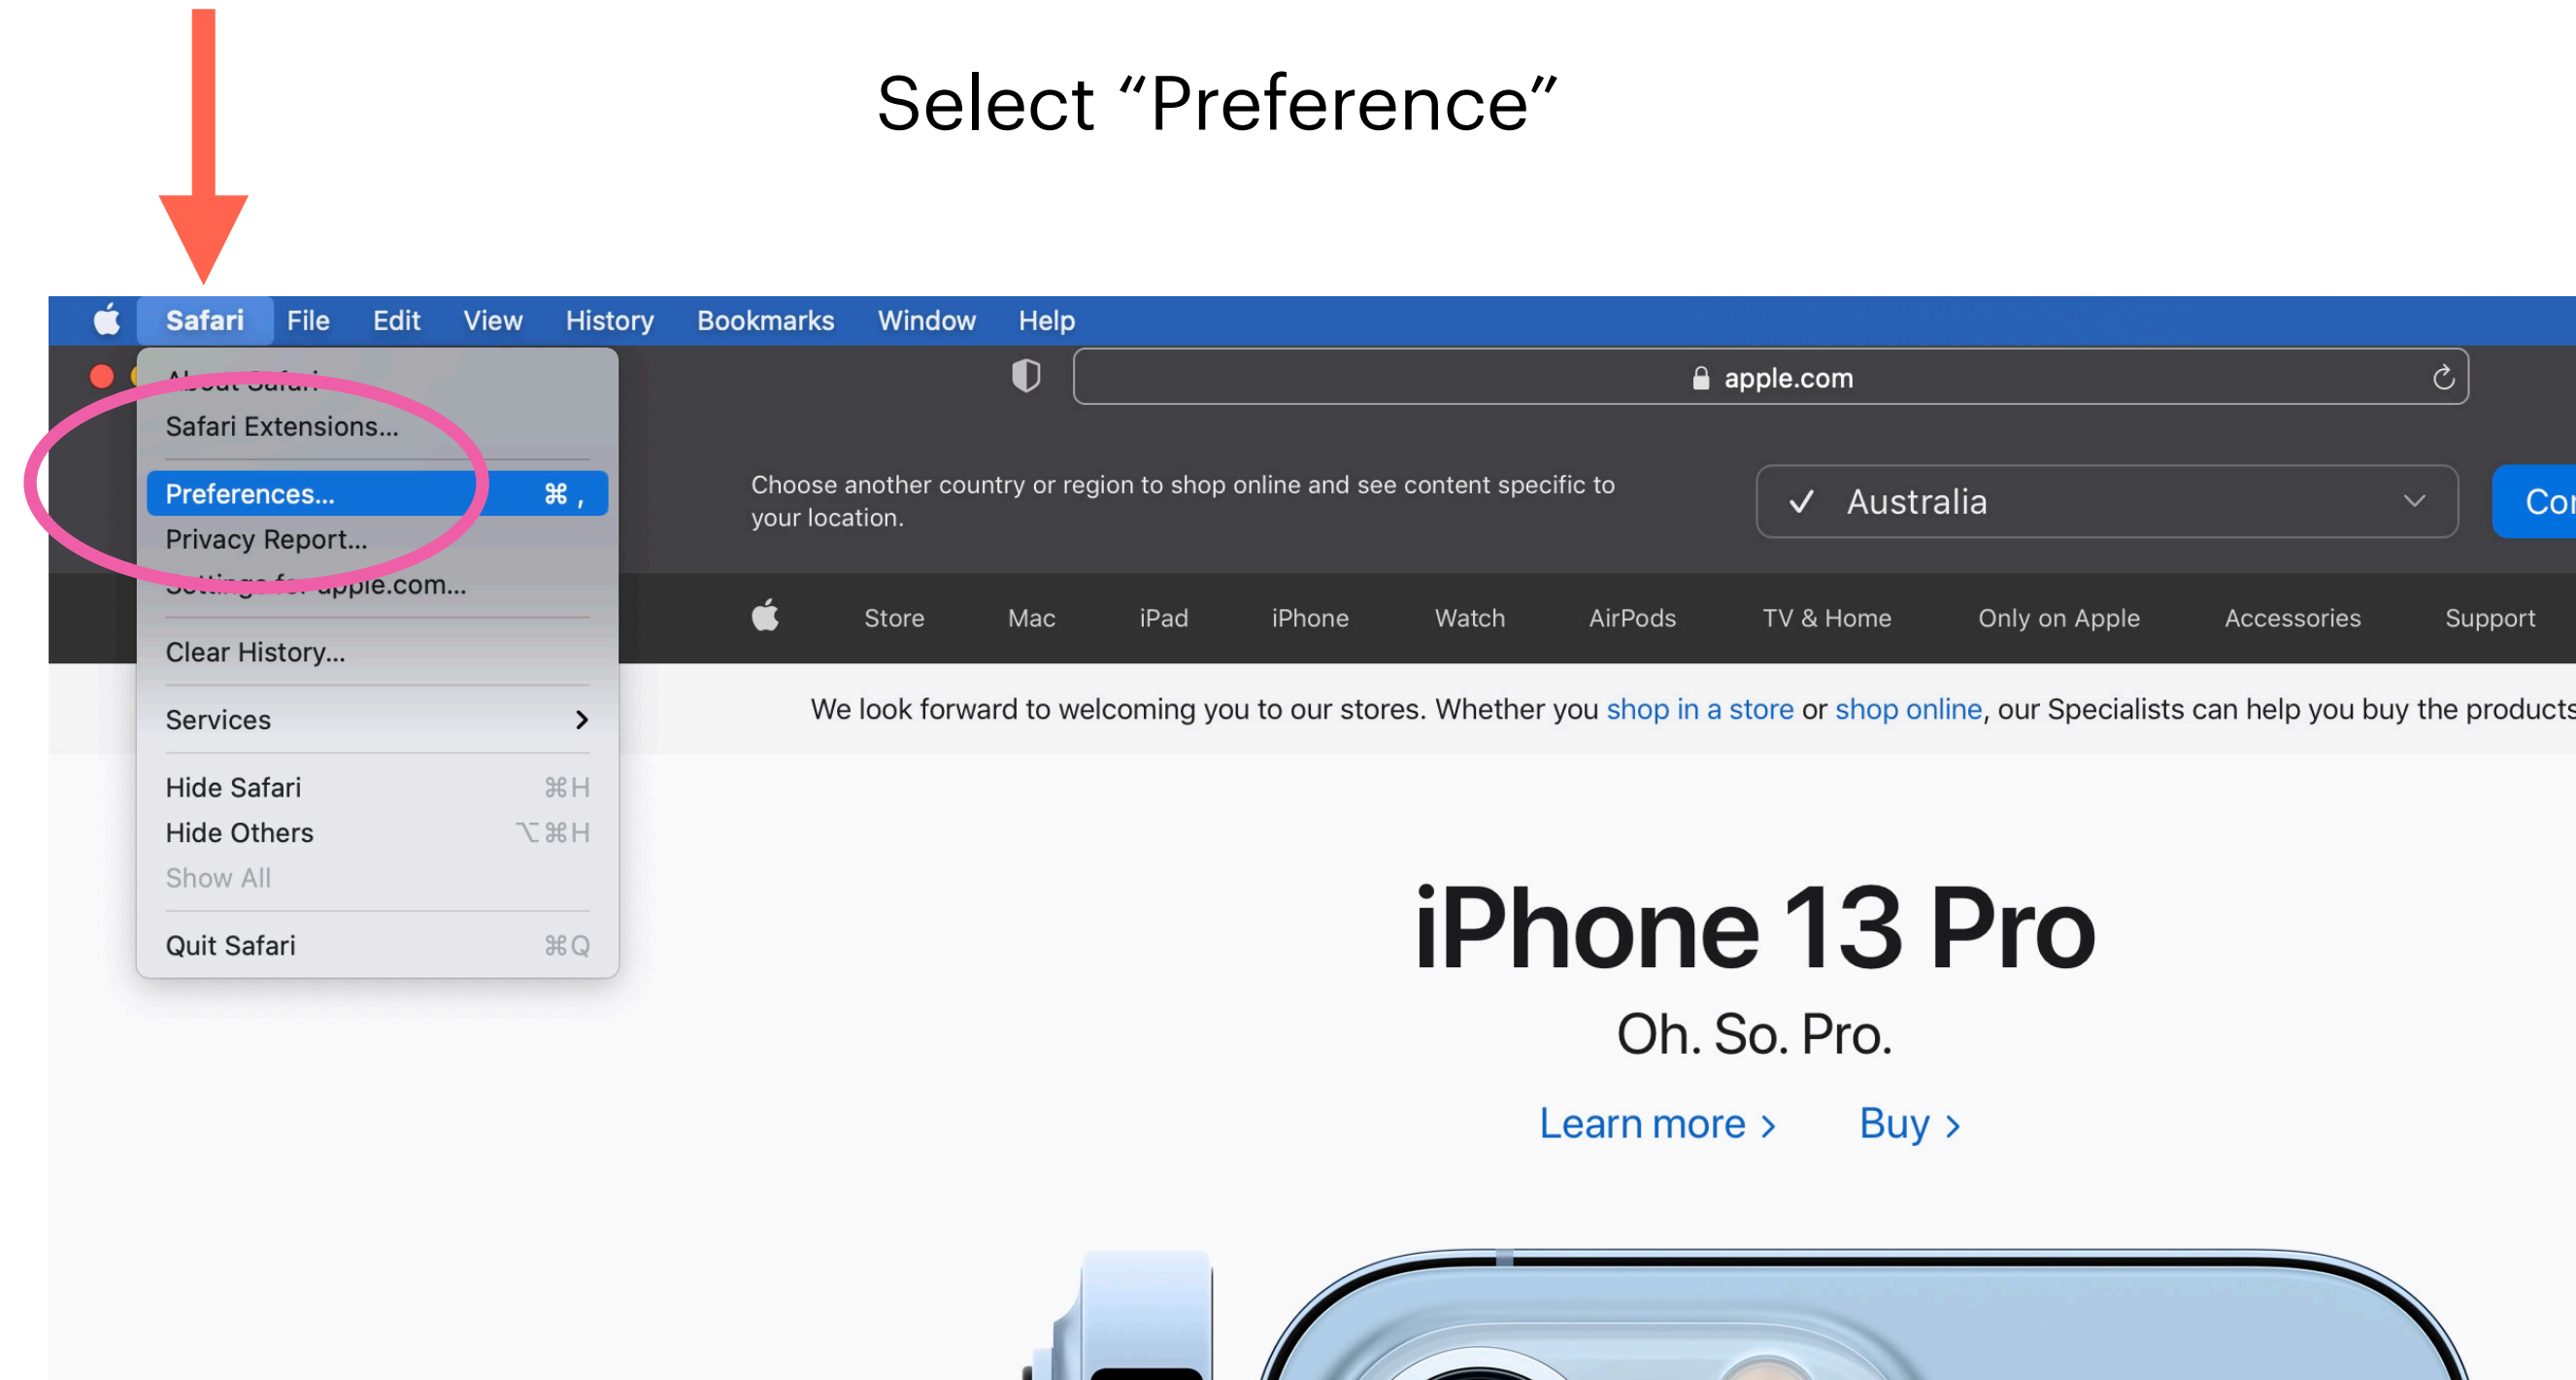

- 1) Selecting History from the menu bar will release the list of visited websites.
- 2) To clear the history, simply click on the "Clear History" at the bottom.

To change “Browser Homepage”

Move your cursor to Safari

Select “Preference”

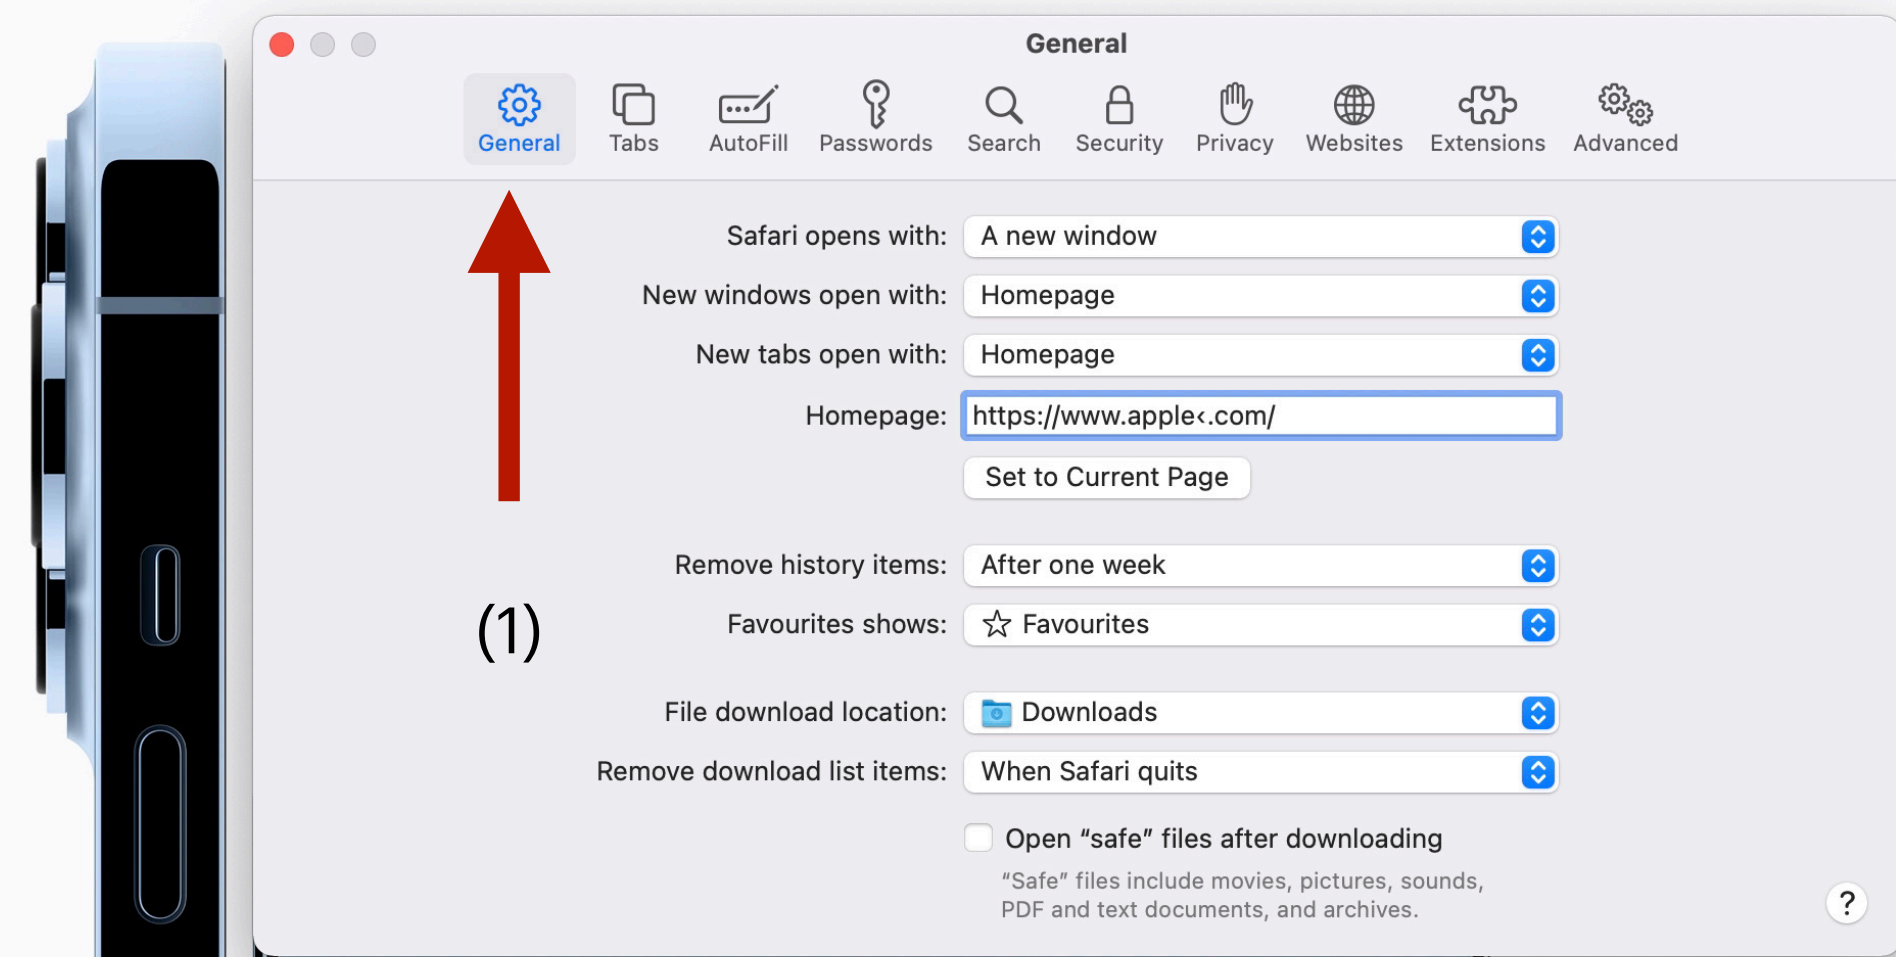

Select "General"

2) From the "Homepage" section, type a different URL address: example - "google.com" and press "Enter" in your keyboard

iPhone 13 Pro

Oh. So. Pro.

Next time you open the web browser

To create or add favourite to the web browser!

First:
Type the address in the search engine -
ie: [news.com.au](https://www.news.com.au), then press enter

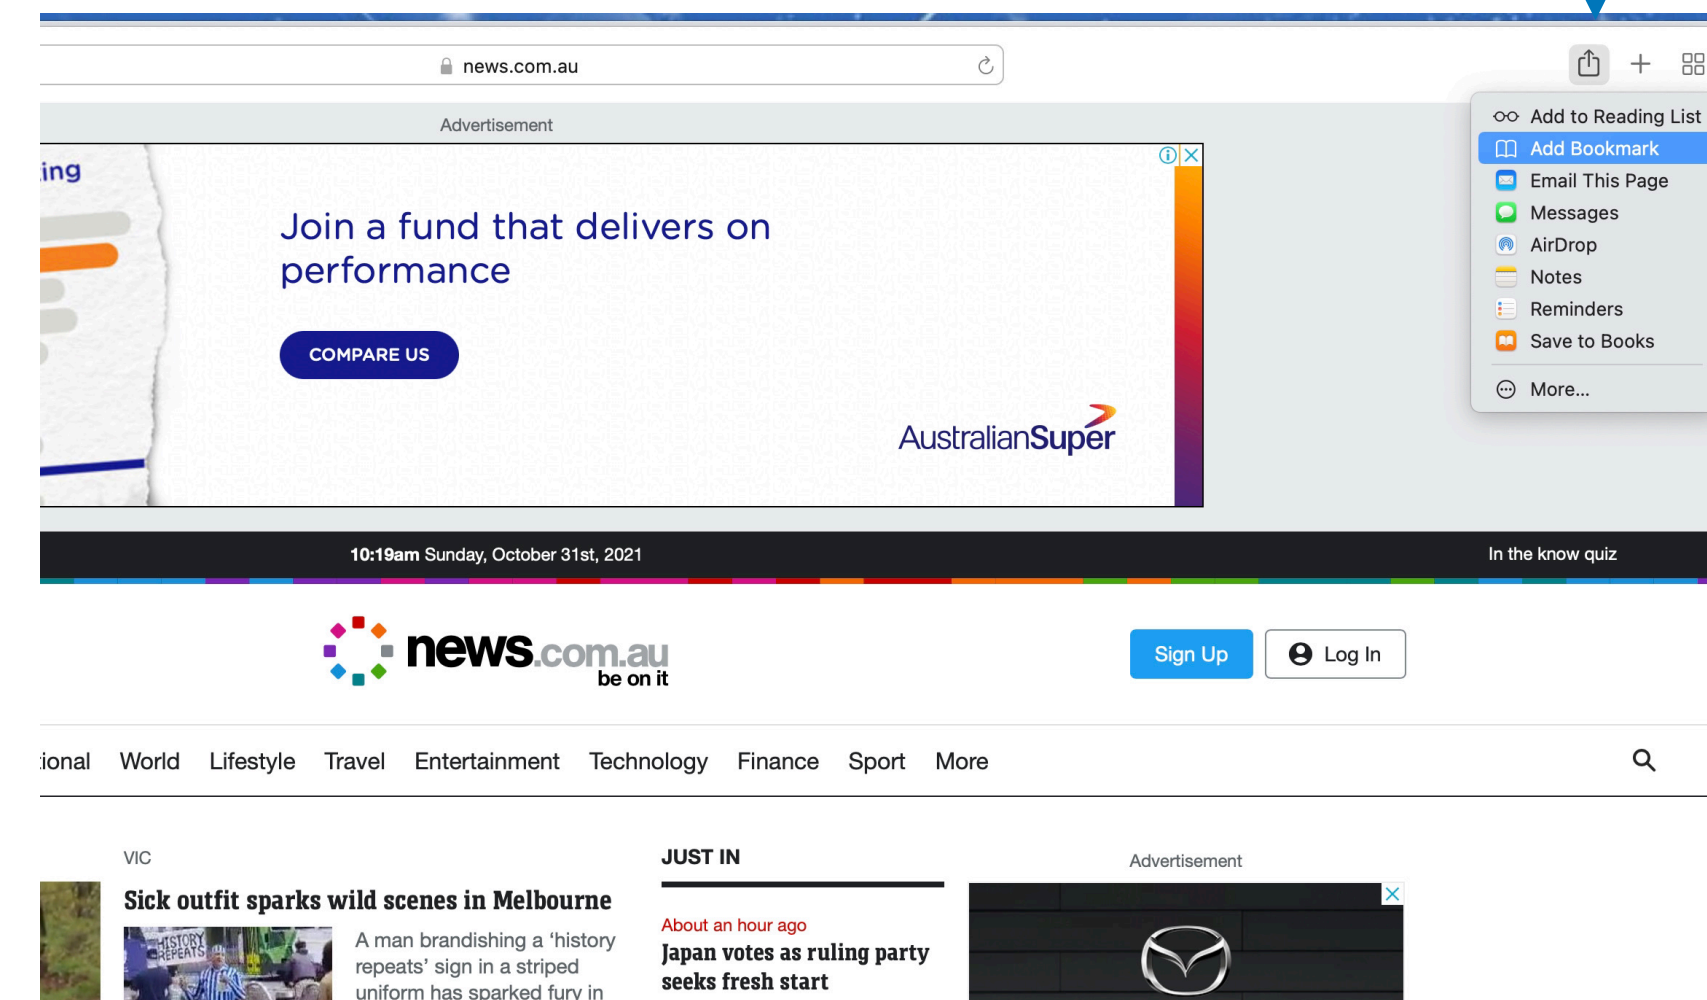

iPhone 13 Pro
Oh. So. Pro.

Second:
Move cursor on the share button
to release the drop-down menu.
Then select "Add to Bookmark"

(1)

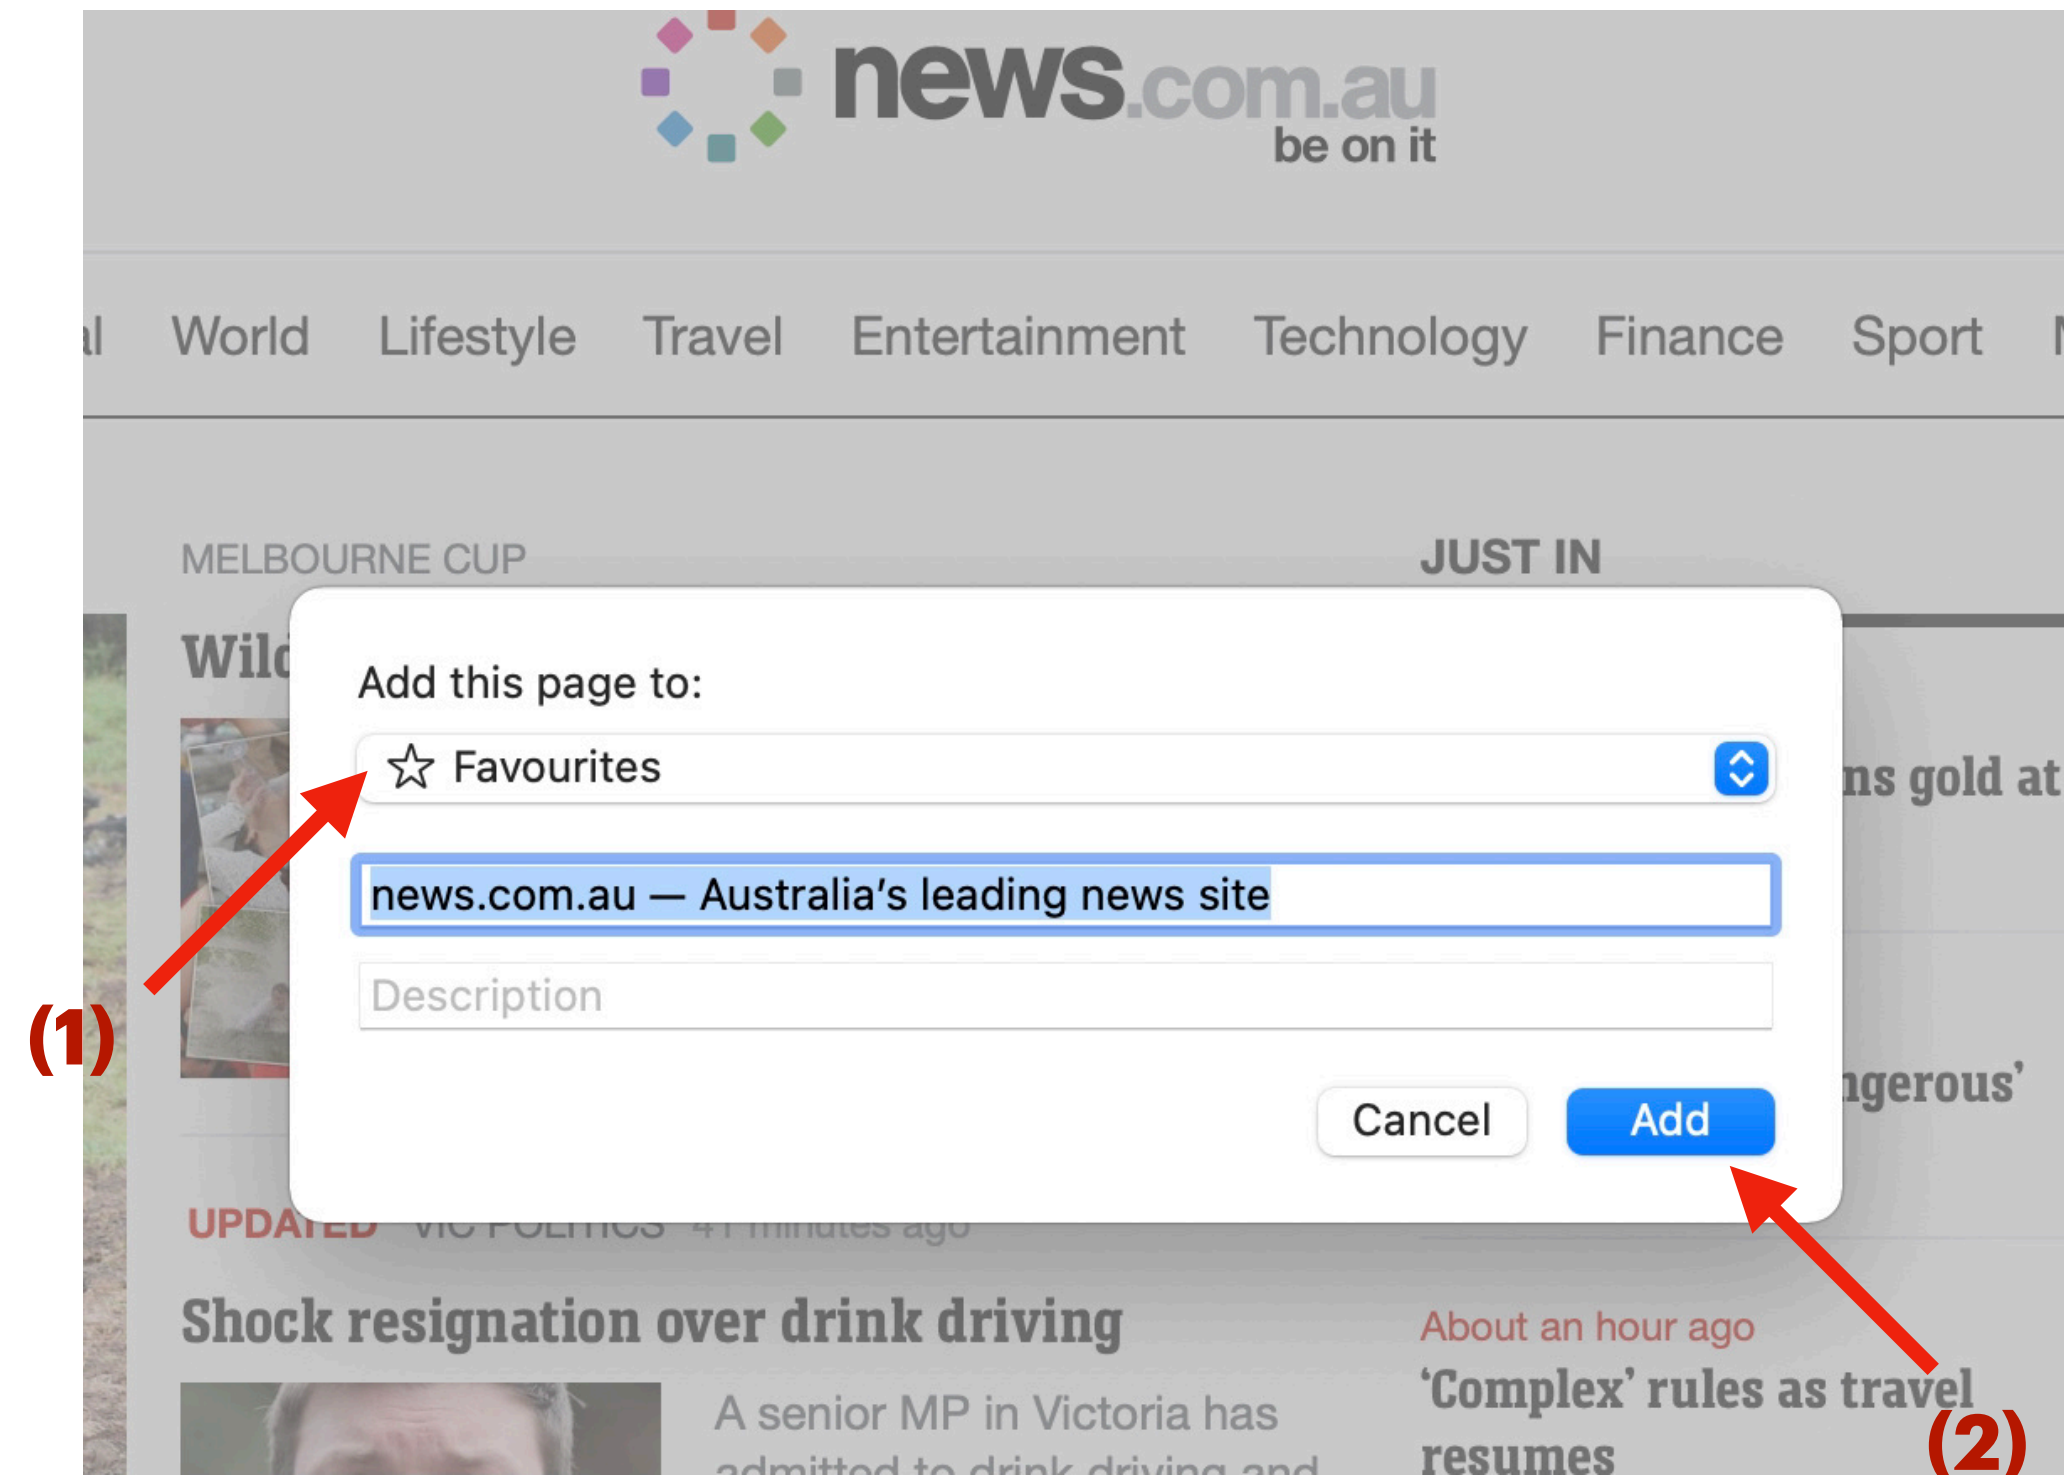

(2)

At the prompt, click "favourite" (1)

Then click "add" (2)

Next time you click on your search engine you should see an icon of the website you just saved.
