

# How to Convert YouTube videos to MP4 files

- There are several programs that can convert a You Tube link to a video MP4 File
- The reason for doing this is so that you can play a stand alone MP4 video that has been saved to a computer or Memory Stick/Flash Drive. No need for the Internet.
- The program that will be used in this presentation will be **Airy**
- Other programs that could be used is **iskysoft**

# Step 1. Select a You Tube Video

The screenshot shows a web browser window with the following elements:

- Browser tabs: "v Tab", "(20+) Computer Pals Northern B...", and "Computer Pals for Seniors North X".
- Address bar: "https://www.youtube.com/watch?v=sKxhj3J4Xuk".
- Navigation icons: back, refresh, home, shield, lock, zoom.
- Search bar: "Computer pals for seniors narrabeen" with a red arrow pointing to it.
- YouTube logo: "YouTube AU".
- Video player: A video frame showing a computer workstation in a room.

# Right click on mouse, pointing to video paying

The screenshot shows a web browser window displaying a YouTube video. The browser's address bar shows the URL <https://www.youtube.com/watch?v=sKxhj3J4Xuk>. The video player is the central focus, showing a scene of an office or computer room with several desks and chairs. A right-click context menu is overlaid on the video, listing the following options: Loop, Copy video URL, Copy video URL at current time, Copy embed code, Copy debug info, Troubleshoot playback issue, and Stats for nerds. Below the video player, the video title is "Computer Pals for Seniors Northern Beaches - Room changes 2010", with 318 views and a date of 18 Jan 2010. To the right of the video player, there is a sidebar with recommended videos, including "15 Abandoned Places RECLAIMED by Nature", "Tiny Baby Stoat Has The Best Reaction When She Meets...", "Real Grizzly Bear Charge Handled Live", "Falklands war song - 20th century British military song", and "Priest In Ireland sings Hallelujah at Wedding and shocks...". The Windows taskbar is visible at the bottom of the screen, showing various application icons and the system clock indicating 10:58 AM on 3/11/2021.

# Select the `copy URL` option
